## Synopsis

**HighRise Entertainment, in association with the Pleasance presents**

*The Concrete Jungle Book*

By **Dominic Garfield**

A Hip Hop Musical and Survival Guide

An explosive and energetic hip hop musical which catapults Rudyard Kipling's classic story into inner-city Britain with live rap music, grime, reggae, spoken word and big personality.

As the jungle's trees become tower blocks, Mo(wgli) navigates her way through relationships, unstable housing conditions and hostile creatures, trying to find the parental figures she has always longed for.

Back after a smash hit run in 2021, updated and expanded to showcase the diverse talents of **HighRise's NewGens** company, this is The Jungle Book like you've never imagined.

"A lightness of storytelling touch from playwright Dominic Garfield cleverly delivers a raw and honest reality..." (**The Scotsman 2017**)

Originally created in collaboration with young people people at CentrePoint foyers across London and commissioned by artsdepot and Zoo Venues, Edinburgh Fringe 2017.
