Synopsis

Award-winning idiot Joz Norris is working on a show so perfect that it will make his audience blink in unison, having successfully synchronised their inner worlds. This is not YET that show, but it is a pretty concerted dry-run at it. New ideas, new sketches, new thoughts, new stories from a guy who's just trying to find inner peace and return to the innocence of childhood, all because his baguette didn't have a sausage in it. May contain Sting.

Comedians' Choice Award-winner - Best Show 2019-22
Writer and star of BBC Radio 4's "A Small Talk On Small Talk" and upcoming sitcom "The Dream Factory."
Nominated for the Malcolm Hardee Award for Comic Originality and the Chortle Award for Best Musical & Variety Act
"A sort of absurdist Simon Amstell...he really does capture the spirit of creative live comedy." - Guardian
